## Ali Vargas

03/05/2013 - 07/09/2022

Yesterday July 9th 2022 my baby girl went on a normal walk with her grandfather as she has many times before. They went to cross the street and the car at the stop sign across the street decided to try to beat the vehicle coming down the road instead of waiting for that vehicle to pass by before making his left turn, failing to look straight ahead or to the left He sped up to get in front of the truck coming so he was going fast and hit my baby at full impact and my father in the middle of the street. My baby fought for a few seconds but died in my father's arms. He carried her home. The vehicle did not stop. However he was found and cited for hit and run today. Not thw day of.. but the next day.

My sweet Ali, I miss you so much and just want you back. All the years ahead were taken from us. I love you as much as you loved me and it breaks my heart that I couldn't be with you to say anything or to hold you before passing. Life isn't fair.. I miss you baby girl. My heart hurts. Home is silent without you. Our family is grieving your loss. Your sister is not ok without you. I feel like this is a nightmare that I will wake up from but I know it's not. Mommy has to plan your cremation and it's so hard to think about.. but at least you can rest in peace knowing your back home. I love you Ali and miss you like crazy </3
