Gabby Gilbertson

04/04/2014 – 11/29/2021

We will miss you so much Gabby. Your loss has devastated us. We hope you are now finally breathing without pain. You were the bravest kitty, fighting so hard and never giving up. You fought your asthma for three years and you never complained and always took your medicine even when we knew you didn't want to. No matter how you felt, you loved all people. You always had to be the center of attention! Always coming to say hello with headbutts and purring. You loved to play with the faucet, watch the birdies and take long naps in the sun. We hope you are able to do all these things again in heaven. We can't wait to see you again someday and catch up on snuggles with us. But until then, we will always hold you in our hearts and share memories of the time we had together with you. We finished the puzzle you were "helping" us with and we cannot find the last piece. I guess you took that one with you! We will see you again Gabby - xoxo

Love Daddy and Miss Amy
