Well, what can I say about Brenda. Well Brenda was not your typical Belgian Malinois, she was so relaxed and laid back. She loved going for walks and car rides. When it came to her retirement she took it very well. Brenda had never been in a house, or around other animals until she retired and came to live with us but she loved her other fur siblings and loved being in the house. She thought she was just a little lap dog, so anytime you sat on the floor you could be sure Brenda would climb into your lap. There wasn't a little kid that she didn't love even though she had never been around kids she sure loved them. Now let someone knock on our door and all her protection training came back. Our lives were all the better for being loved by Brenda and we are so lucky to have been the family to give her a loving home and retirement.

Thank you so much,
The Johnson Family
