Kazuki James Cook-Bacon

03/01/2013 – 04/27/2021

Kazuki James's Cook-Bacon was a literal firecracker. With the sassiest attitude and the brains to match Einstein, this dog was not normal by any means. He'd eat things no dog should eat then be fine, he could understand Japanese, he could open purses and re-zip them when he was done, and he loved to make his presence known. He commanded his pack of cats and made sure everyone stayed civil to one another.... But he was so much more than his pack leader.

Kazuki was a fur son and an ESA who never received a day of training in his life. He was so attuned to his owner and human mom in ways that could never be taught. He kept her calm during BPD episodes and alerted her mother whenever she was in distress, he woke her up when she was having C-PTSD related nightmares, and he always made sure she was safe from any harm that came to her.

He was the light of the entire household's life, and although they will miss him dearly, he may rest knowing that his little sister has taken the torch from him and has adjusted to her new role as primary ESA.

He leaves behind a heartbroken mommy, a devastated set of grandparents, and his cat pack which included his sister, Truffles Marie.

He is preceded in death by his pack buddy, Foxy, and his uncle, Paul, who passed a month prior to his passing.

カズキお兄ちゃん、お母さんがあなたを永遠に愛しています
(Kazuki, mommy loves you forever)
