Rocky Esposito

Rocky,

Born 6/9/03 to 5/6/2014

Rocky was a very quiet dog when he first arrived at our home, but once he met up his half-sister, Lucy, he knew this is where he wanted to spend the rest of his life. He and Lucy would play so well together and do everything together. We got Rocky involved in agility, rally, obedience and other types of activities that Rocky knew how to do and thrived in each and every one of them. He was a very smart dog and a very friendly dog. He loved going for car rides and visiting the dog park. Most of all he just liked being with his people and relaxing on the back deck in the summer. He was diagnosed earlier this year with chronic renal failure and recently it got the best of him. Rocky had an ever wagging tail and he just enjoyed life to the fullest!

Rocky will be missed so much and left lots of good memories behind.
