## Ruby Gem

Ruby Gem of Golden Reign

Just as the definition states: The fiery and captivating Ruby is a stone of nobility, considered the most magnificent of all gems, the queen of stones and the stone of kings. Ruby Gem of Golden Reign was all that and more. She was the smartest Golden we have ever owned. She had her daily chores to do in the house like bringing in the mail, carrying items upstairs, taking baseball caps off, wiggle butting (dancing), just to mention a few and the list goes on and on. Ruby could tell the time and within about 15 minutes of someone coming home she'd stand on her own ottoman and start watching and looking for them out the front window. We'd wave to her when we came up the driveway and she'd run down into the garage to meet us every day with tail wagging and a happy smile on her face ready to carry something in from the car. What a blessing from above that Ruby came into our lives and we're so heartbroken that she had to leave at an early age of 8+ years old. She will be deeply missed by everyone's lives she touched and always cherished as she has left her little Golden footprints that will always be felt in our empty hearts.
